INTRODUCTION

This preliminary assessment has been reviewed by Ecology and Environment, Inc.'s Field Investigation Team (FIT) according to Environmental Protection Agency (EPA) guidelines presented in the "Preliminary Assessment Interim Guidance Document for Fiscal Year 1988." The Arizona Department of Environmental Quality was tasked to assess this site under the original Hazard Ranking System (HRS). In addition to reviewing all HRS considerations, FIT has evaluated this site with respect to the proposed revised HRS.

RCRA STATUS

☐ Generator ☐ Small Quantity Generator ☐ Transporter

☐ TSD ☒ Not Listed in Current RCRA Database

The report indicates that the site is listed in the RCRA Database under Combined Resources Company, EPA ID# AZD042018689. Although Combined Resources is the site owner, FIT found that the EPA ID# corresponds to the

lf/data/parv

Rogers Corporation site in Chandler, Arizona. There is no listing in the CERCLA or RCRA database for the site under review (425 South 67th Avenue, Phoenix, Arizona).

COMMENTS

The report is well written and thorough.

HRS DEFICIENCIES

No HRS deficiencies were noted.

PROPOSED REVISED HRS CONSIDERATIONS

It appears that this site's eligibility for inclusion on the National Priorities List will not change under the rHRS.

CONCLUSIONS

☒ Potentially eligible for National Priorities List

☐ Appears to be ineligible for National Priorities List

STATE RECOMMENDATION

☐ No Further Remedial Action Planned under CERCLA

☒ Medium-priority Screening Site Inspection (mSSI) under CERCLA

☐ High-priority Screening Site Inspection (hSSI) under CERCLA
